

Denny Rehberg for U.S. Senate

Dear Neighbor,

For twenty-two years Max Baucus has told Montanans what he thinks we want to hear, but rarely voted the way we wanted him to except when he's up for re-election.

Here in Montana, a man's word is his bond and keeping your word is the true measure of one's character. I learned this growing up in Montana when I discovered that there is nothing more important than honoring a promise that was made with a simple handshake or over a cup of coffee.

The fact is Max's word is only good one year out of six. In the past he has encouraged voters to "study the records of the candidates and then vote." I couldn't agree more. But make sure you don't just look at this year but every year.

It's time we got past the rhetoric and looked at the facts. When you do this, I am confident you will find, as I did, that it's time for a change.

Dennis Rehberg

Issue	Baucus	Rehberg
Balanced Budget Amendment	**Only in an Election Year** Voted against a Balanced Budget Amendment 10 times. This year he wants Montanans to believe he's had a change of heart.	**Every Year** Rehberg has always supported a balanced budget amendment and he always will.
Increased Taxes	**More -- More -- More** Voted for 5 of the largest tax increases in history, increasing the tax burden on working Americans by hundreds of billions of dollars.	**Less -- Less -- Less** The Racicot/Rehberg team has enacted 11 different forms of tax relief, saving Montana families millions of dollars.
Pay Raise and Pension	**Takes it Every Time** Voted himself a \$23,200 raise. He is also eligible to collect a multi-million dollar taxpayer funded pension.	**Never Has...Never Will** Rehberg has never voted for or taken a pay raise and he never will. Likewise, he will not accept a taxpayer funded pension.
Federal Regulations	**Out of Control** Washington has imposed over 1.3 million pages of new federal regulations since Max Baucus has been in office.	**Less is More** As Lieutenant Governor, Rehberg joined Marc Racicot in an initiative to eliminate at least 5 percent of existing rules within state law.
